

What is Possible?

At Berry College's Kindergarten-8th Grade Laboratory School

Apply for
2025-2026

Berry's K-8 students are bright, curious learners who build strong foundations for achievement in academics, leadership, service, sports, performing and fine arts in high school, college and beyond.

Experienced, caring teachers with Masters and Ed.S. degrees teach best practices and demonstrate what is possible in school:

- Hands-on, engaged learning integrated across subjects for making connections.
- Positive, safe and well-managed classrooms.
- Smaller class sizes.
- Individual challenge and support.
- Excellent communication with parents.
- Project-based learning and collaborations with college and K-8 classes.
