Steve and Brenda Briggs

Steve Briggs has served as the President of Berry College since 2006. Under his leadership, the college has renewed its focus on providing an education of the head, heart, and hands, combining academic exploration with meaningful work responsibilities. Briggs has been a steadfast advocate for the vibrancy and beauty of Berry's campus. During his tenure, the college opened or renovated a dozen buildings,

strengthened its residential character, and expanded its athletics and arts programs. He also led initiatives that capitalized on the college's incomparable campus, including the development of The Spires at Berry, a continuing care retirement community, and the establishment of the Rome Tennis Center at Berry College, one of the premier facilities in the nation. Additionally, the college constructed and now operates an adjacent hotel.

A personality psychologist by training, Steve earned his BA with Honors from Wake Forest University and his PhD from the University of Texas at Austin. Before coming to Berry, he had over 30 years of leadership experience at colleges in Oklahoma, Florida, and New Jersey. He has served on the boards of major professional organizations and is actively involved in church and community initiatives.

Brenda Briggs, in her own way, has been a cornerstone of the Berry College community, contributing significantly to the warmth and hospitality of the campus culture. A Phi Beta Kappa graduate of Wake Forest University with Honors in Mathematics, Brenda worked for a time as a programmer analyst for McDonnell Douglas and Amerada Hess. She contributes in countless ways on and off Berry's campus and is known for her organizing talents, vigorous work ethic, gracious spirit and strong preference to avoid attention.

Together, Steve and Brenda have immersed themselves fully in the life of Berry, positively influencing countless students, faculty, and staff for nearly two decades. They have left an indelible mark on the college, shaping its community with dedication, care, generosity and vision.

The Berry College Seal

The Berry College Seal consists of a scroll bearing the college's motto, a shield inscribed with the four symbols upon which Martha Berry based her work – the open Bible, the log cabin, the lamp and the plow; and, surrounding the scroll and shield, a circle in which are inscribed the college name, the name of college founder Martha Berry and the year she established her first school, The Boys' Industrial School. The Bible was the foundation of the early school; it represents Berry's Christian heritage. The log cabin represents simplicity, or in the words of a student in the early days, "our simple way of living – the very beginning." The lamp symbolizes the desire to learn, and the plow stands for labor.

The Berry College Mace

Leading today's processional is the Faculty Marshal, Dr. Curt Hersey (93C), who carries the official Berry College mace, and Dr. Angela Poole (08C), Assistant Marshal. The Berry College mace was first carried on April 9, 1999, in the inaugural ceremonies for Berry College's seventh president, Dr. Scott Colley. The mace was designed and crafted by Luther Pugh, a 1951 graduate of Berry's high school, with assistance from his brother, Arthur Pugh, who graduated from Berry's high school in 1952.

The Berry College mace features the traditional ball shape topped with two sections styled after the finials located on the first level and upper levels of the Berry College Chapel. Embedded in the mace are three medallions bearing the college seal and symbolizing the three parts of Berry's mission to educate the head, heart and hands.

Academic Costume

The gowns and trim of the academic regalia represent the highest degree earned. The color of the gown and the trim of the hood may also represent the institution from which the degree was awarded. The color of the hood traditionally represents the discipline in which the degree was earned.

For all academic purposes, including trimmings of doctor's gowns, edgings of hoods, and tassels of caps, the colors associated with the different subjects follow:

Agriculture.....	maize
Arts, Letters, Humanities.....	white
Commerce, Accounting, Business	drab
Dentistry.....	lilac
Economics	copper

Alma Mater

Far up in the hills of Georgia stands

Old Berry, tried and true,

The Shrine of many a memory of

The Silver and the Blue.

Our loyalty and love we pledge,

God keep thee without fail.

Be thou the light that shines for right,

Alma Mater, Hail, All Hail!

Berry College Motto

“Not to be ministered unto, but to minister.”
